Are you interested to learn about Europe? [Zado Eastern European Vocal Ensemble](https://www.zadosings.org) presents an interactive program of folk songs and dances from Eastern Europe! Zado will be joined by popular local accordionist, [Jim Shoemaker](https://www.folkdancesac.org), and members of Sacramento's [folk dance community](https://www.folkdancesac.org). The one-hour program transports listeners on a journey through a sampling of Eastern European traditional and arranged folk songs, representing Balkan/Slavic countries (including Belarus, Bulgaria, Croatia, Greece, Macedonia, Serbia, and Ukraine). Throughout the program they share brief introductions that identify the country of origin and explain the meanings of the lyrics. The program entertains and educates while inspiring listeners to treasure their own culture and those of others.
